## WITHDRAWAL ON LIBYAN FRONT ACKNOWLEDGED BY BRITISH

## REPORTS FROM ITALY AND GERMANY CLAIM ENEMY OVERWHELMED

## BULLETIN

Vichy, Unoccupied France, June 18.—(P)—French dispatches from Syria reported tonight that French counter-attacks not only held up the British advance for three days, but continued to gain ground, seriously menacing the invaders' communications. All along the southern Syrian front, said military dispatches, assaults by French infantry, supported by aircraft, were making hazardous the rearward lines of the British columns which had been driving for Damascus and Beirut.

London, June 18.—(P)—British forces have launched "heavy counter-attacks" against Vichy troops which retook Merdjayoun and Kuneitra in southern Syria and made "further progress" on both the coastal and Damascus fronts, the Middle East communique announced today.

Vichy, Unoccupied France, June 18.—(P)—The French declared tonight their counter-offensive in Syria had driven through the British lines so far they had reached the Palestine frontier.

## By the Associated Press

Germany and Italy reported "complete and overwhelming victory" today in smashing a British counter-offensive after a violent three-day battle in the desert around Salum, Egypt.

"The enemy, overwhelmed, is retreating," the German high command said.

An Italian war bulletin declared the British had thrown "ponderous masses of tanks supported by the best part of the Middle Eastern air force" into the conflict—only to be rushed by the "overpowering impetus" of Axis counter-attacks.

Italian press dispatches said approximately 1,000 British tanks in two armored divisions were engaged in the battle. About 200 tanks, it was said, were put out of action.

British Middle East headquarters acknowledged that British advance forces—which had knifed as deep as 40 miles into Libya—had withdrawn to "forward positions" on the Libyan front.

This presumably meant that the British had fallen back to their original positions from which the drive was launched.

The withdrawal was executed, the British said, to avoid an encircling movement by German reinforcements rushed from the Tobruk area and because "we had accomplished our object" of making the Germans disclose their strength.

Stefani, the official Italian news agency, said the British used "hundreds of American tanks," mostly the newest type, known as "mark two."

The news agency said the British also used strong forces of motorized troops and a great quantity of artillery and air strength.

Capture of "several hundred German prisoners," and the destruction of large numbers of Axis tanks and guns was officially reported by the British.

The Fascist communique asserted that Gen. Sir Archibald P. Wavell's counter-offensive had been "broken," with British troops retreating under heavy fire by Axis land and air forces.

The communique declared that severe losses had been inflicted on the British, especially in tanks, and that the battle was ended.

London dispatches said the British had captured Fort Capuzzo, just inside the Libyan frontier from Egypt, and had encountered "serious opposition."

In Berlin, Hitler's High Command said that the British attempt to drive back into Libya had been "frustrated with extreme heavy British losses" and that imperial troops were retreating under Axis counter-attack in the Salum area.

The Nazi war bulletin pictured the British offensive as an attempt to rescue the siege-bound British garrison at Tobruk. 80 miles inside Libya, where British troops have been encircled for nearly 10 weeks.

The Germans claimed destruction of more than 100 British tanks since the Imperial army of the Nile began its offensive Sunday.

On the Middle East war front, the British reported that Allied columns were attacking the town of Mezzeh, three miles west of Damascus, the capital of Syria, and that Allied patrols had reached a point only 12 miles from Beirut, the Lebanese capital.

Gen. Charles De Gaulle's Free French troops were said to be exerting strong pressure on the 10-mile road from Kiseou to Damascus, south of the city.

Elsewhere, the British acknowledged that counter-attacks by Vichy French troops had recaptured the Syrian towns of Merdjayoun, and the Syrian towns of Merdjayoun.

A large share of credit was given to the British for the capture of the towns.

Atlanta, June 18.—(P)—The names of Charles S. Donley of Pittsburgh, Pa., and Dr. W. E. Wolcott of Des Moines, Ia., went before the Kiwanis Club today as nominees for the presidency of the organization now holding its 25th annual convention.

Pittsburgh, June 18.—(P)—New violence flared in the 18-day-old strike of the AFL-International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers Union today as bands of men attempted to run a cargo of aluminum into the Allegheny river and beat another driver after pulling him from his machine.

Media, June 18.—(P)—Mayor Clifford H. Peoples and four Chester councilmen were convicted today of malfeasance in office in connection with municipal purchase of the Chester Water Company. The jury in Delaware county court acquitted them of charges of misfeasance, non-feasance and misdemeanor in office.

Tokyo, June 18.—(P)—Japan announced today that she had demanded the right to share with "third powers" the United States and Britain were indicated—in the economic fruits of The Netherlands East Indies.

A Southeast Coast Town in England, June 18.—(P)—RAF bombers, carrying what residents of this area have come to know as "big stuff," streamed across the Straits of Dover this afternoon for renewed punishment of invasion coast bases.

Harrisburg, June 18.—(P)—John B. Kelly, Philadelphia Democratic chairman, said today legislative deadlines over Governor James' \$542,000,000 budget and re-appointment "can be adjusted to mutual satisfaction" if they are approached with a "give and take" attitude.

Harrisburg, June 18.—(P)—A special committee of the legislature decided today to drop its investigation of Senator Anthony Cavalcante's charges of "a criminal conspiracy" in the assembly to favor bills of "certain groups."

The committee of five senators and five representatives drew up a report at an executive session for submission later in the day to the House and Senate.

The report recommended dropping of the investigation. Senator George B. Stevenson (R-Clinton) chairman of the committee was asked.

"In substance," he explained, Cavalcante expanded on his original charges this week with another statement naming six Democratic leaders as members of a "combine" which he said sought to "rig control and interfere with legislation."

He added, however, that he had no additional information to give the committee.

Stevenson, it was learned, has prepared a summary of the situation, stating that the Fayette county Democrat's charges were "unfounded" and he proposed to submit this to the entire committee for its approval.

Broken Telephone Connections With Hanko and Helsinki Leave Obscure Details of Reported Exodus of Russian Troops In Two Cities

## MOSCOW IS ON GUARD

Bern, Switzerland, June 18.—(P)—The second interrupted telephone conversation within 24 hours prevented more than a hint of developments—including apparent Russian exodus from the Soviet's leased base at Hanko—being communicated outside Finland today.

"The streets of Helsinki are crowded with men and women in uniform—soldiers fully armed as well as lotas," a dispatch began this evening.

It was broken off there. The remainder of the story will have to await the Finnish censor's approval before it can be telephoned.

A broken telephone connection with Helsinki also left obscure the details of a reported exodus of Russian troops from the Hanko military base on which the Soviet union has a 30-year lease.

Moscow, June 18.—(P)—No effort is being spared to keep the entire Soviet community in a state of constant, mobilized preparedness although there are no signs of a general or partial mobilization.

Conn already had weighed in when Louis arrived some 25 minutes late. The champion explained that his chauffeur got lost in the traffic in coming from his training camp at Greenwood Lake.

Dr. William Walker, commission physician, said both fighters were in excellent condition and that Conn showed less signs of nerves in his blood pressure and pulse than any fighter he had ever examined.

Further Reduction is Ordered in Number of Troops At Factory of North American Aviation Corp.; as Production Nears Normal

VINSON BILL IS OPPOSED

By the Associated Press

A further reduction was ordered today in the number of troops on duty at the Los Angeles plant of the North American Aviation Corporation, with production back to 10 warplanes a day after a strike which lost its punch with arrival of several thousand soldiers.

One battalion of 900 infantrymen left yesterday and another 900 were ordered to depart today. About 2,500 soldiers remained on guard in the wake of the bitter wage dispute.

In Washington, heads of the A. F. of L. and C. I. O. found common ground: Both issued statements in opposition to the pending Vinson bill which would bar workers from striking within 30 days after disputes were referred to the National Defense Mediation Board.

CIO President Philip Murray declared the bill would "force workers to refrain from acting to protect their rights while allowing employers to proceed with attacks on the union."

AFL President William Green said passage of the legislation would "aggravate industrial unrest."

Meanwhile a jurisdictional strike of CIO United Automobile Workers at the Douglas & Lomason Company, Detroit, threatened to force the closing of several large truck factories because of a shortage of parts.

Between 200 and 300 civilian workmen struck yesterday on construction jobs at two Hawaiian (Turn to Page Six)

First Service of Jubilee Celebration of Bethlehem Congregational is Held Tuesday Evening With Greetings From Former Pastors

2 CHARTER MEMBERS

The first service of the 50th anniversary observance of the Bethlehem Congregational Church was held last evening at 7:30 o'clock, the only Swedish service planned during the jubilee celebration.

The service opened with Scripture reading and prayer by the church chairman, G. A. Swanson, and the church choir sang two Swedish anthems. Short greetings were given by former pastors Rev. A. G. Eklund of Ironwood, Mich., and Rev. Carl H. Peterson of Tacoma, Wash.

Mrs. N. P. Larson, a charter member still active in the church, and N. G. Hegvall, also a charter member, were recognized at this time.

The sermon was delivered by the Rev. A. G. Nelson of Saginaw, Groves, veteran of the Civil War, who has recently celebrated his 90th birthday anniversary and is still much in demand as a supply pastor and speaker.

At 7:30 o'clock this evening, "Organizations Night" will be observed with a sermon by Former Pastor Eklund. Local leaders are to participate and there will be special feature numbers.

There will be two services on Thursday, the Ladies Aid mid-summer festival at 2:30 o'clock and "Conference Night" at 7:30.

## CONTROL OF ALIENS TIGHTENS

Sharper Regulations Over Immigration Into United States to be Instituted Before July 1, Are Revealed Few Hours After Government Bars Departure "Pending Instructions" of 330,000 German Nationals

BOARD OF REVIEW WILL BE ESTABLISHED

BY LLOYD LEHRBAS

Washington, June 18.—(P)—Sharper control over immigration into the United States is to be instituted before July 1, authorities here declared today, a few hours after the government had barred the departure "pending further instructions" of any of the 330,000 German nationals now living in this country.

To effect the new strict control over movements of aliens, boards of review will be established to pass on all applications for immigrant visas, after each application has been thoroughly investigated.

Applications for the annual quota of 153,774 immigrant visas at present are passed on by field officers of the Immigration Bureau after—so Attorney General Jackson told congress—a rather haphazard investigation of the prospective citizens' qualifications and history.

The State, Justice, War and Navy Departments will have one representative on each of the five boards of review to be set up. It was learned, with the possibility that the Federal Bureau of Investigation or a special immigration investigative agency will also be represented.

## OUTRIGHT REJECTION INDICATED

Dispatching of Statement From Reich Capital Vigorously Refuting Accusations That Representatives Had Been Guilty of Any Conduct Injurious To America Brings Momentarily Lull in Tense Situation

RETALIATION PLANNED FOR FREEZING FUNDS

Washington, June 18.—(P)—A strong German protest on the expulsion of Nazi consuls from the United States was delivered to the State Department today, and Summer Welles, undersecretary of the state indicated it would be flatly rejected.

The note was taken to Welles by Hans Thomsen, German chargé d'affaires.

In announcing its receipt, Welles declined to disclose the contents of the note except to say that it was a protest against the State Department's order Monday that all German consular officials leave the country by July 10, on the grounds that they had engaged in activities inimical to the welfare of the United States.

Welles added, however, that arrangements were being made for the departure of the consuls.

This was considered tantamount to an announcement that the German note would be rejected outright.

Berlin, June 18.—(P)—The dispatch of Germany's protest against President Roosevelt's order closing all German consulates in the United States brought a momentary lull today in discussion of the tense German-American relations.

The Germans are saying nothing further, but apparently are taking the attitude that the next step is up to the United States. American reaction to the German protest is awaited.

Asked whether the episode might be considered closed with Germany's formal presentation of a protest, an authorized spokesman said:

"No. The reaction to our note is awaited."

The text of the protest was not disclosed the only indication of its nature being a general statement vigorously denying that German consulates in the United States had been guilty of any conduct injurious to America.

A communique announcing the German step was issued late last night and came as a surprise because (Turn to Page Nine)

## President Leave No Doubt United States is Prepared to Mount Guns on Merchantmen to Meet Threat of Submarines

## REVIEWS TESTIMONY

Washington, June 18.—(P)—President Roosevelt left no doubt today that the United States was ready, if necessary, to arm her merchantmen to meet the threat of submarine warfare.

Whether such action would be taken, informed sources said, probably would depend on a great degree on the attitude Germany takes when Berlin receives the State Department's forthcoming protest over the sinking of the American merchantmen Robin Moor by a submarine in the South Atlantic.

Well-informed congressional sources already were predicting that arming of the ships would be necessary, but President Roosevelt avoided any comment on that possibility.

The question of arming the merchant vessels was raised at Mr. Roosevelt's press conference yesterday. The president was asked whether any thought had been given to the subject after the torpedoing of the Robin Moor.

Mr. Roosevelt replied that the United States had plans ready for arming her merchantmen and had had them ready since 1918.

## POLICE ON GUARD AT LOCK HAVEN

Lock Haven, June 18.—(P)—State troopers patrolled the strike-bound Piper Aircraft Corporation plant today after minor clashes between AFL pickets and workers who sought to return to work.

A detail of 27 state police took up posts around the big factory where production was halted Monday by a walkout called by AFL machinists after the collapse of negotiations on wage increases.

The state police aid was requested by Sheriff D. Edward Grenoble as company and union officials looked to a state labor conciliator to end the two-day strike which has halted production of planes used by the government in training civilian pilots.

Spokesmen for the International Association of Machinists, whose Lock Haven local called the strike Tuesday after a dispute over wages, reported the State Department would send a conciliator to the scene. The union declared earlier that a mediator also would be sent by the U. S. Conciliation service.

The plant was opened as usual (Turn to Page Six)

## DUQUESNE CO. FACING STRIKE DURING NIGHT

Washington, June 18.—(P)—Harold J. Straub, national director of the Utility Workers Organizing Committee (UO), announced here today that its local union at Springdale, Pa., had voted to call a strike at midnight tonight at the Colfax plant of the Duquesne Light Company of Pittsburgh.

The union said the company's setup made it impossible to make provision "to supply essential public service."

Straub said the union acted after "The Independent Association of Employees of the Duquesne Light Company had unanimously rejected a recommendation" made by Dr. John R. Steadman, director of the federal conciliation service, which the company and UOOC had accepted to avert a strike.

The Colfax plant is the largest of three Duquesne plants serving an 80-mile transmission area in the Pittsburgh district, including several industrial plants in Allegheny and Beaver counties working on defense orders.

One battalion of 900 infantrymen left yesterday and another 900 were ordered to depart today. About 2,500 soldiers remained on guard in the wake of the bitter wage dispute.

In Washington, heads of the A. F. L. and C. I. O. found common ground: Both issued statements in opposition to the pending Vinson bill which would bar workers from striking within 30 days after disputes were referred to the National Defense Mediation Board.

CIO President Philip Murray declared the bill would "force workers to refrain from acting to protect their rights while allowing employers to proceed with attacks on the union."

AFL President William Green said passage of the legislation would "aggravate industrial unrest."

Meanwhile a jurisdictional strike of CIO United Automobile Workers at the Douglas & Lomason Company, Detroit, threatened to force the closing of several large truck factories because of a shortage of parts.

Between 200 and 300 civilian workmen struck yesterday on construction jobs at two Hawaiian diers.

## TANKER SERVICE TO EAST HIKED

Washington, June 18.—(P)—In his first positive action to put more oil into the east, threatened by a petroleum famine, Secretary Ickes announced today a rearrangement of a ship tanker service to increase the Atlantic coast supply by 210,000 gallons annually.

After conferences with officials of the Sun Oil Company and the Standard Oil Company of California, Ickes, who is defense petroleum coordinator, announced he had made recommendations whereby three huge tankers now engaged in routes between California and east coast ports would be switched to runs from gulf ports to the east coast.

The coordinator emphasized, however, that this increase in the east coast supply did not greatly lessen the dangers of a prospective shortage in that populous area, where he said restrictions on civilian use of automobiles appeared "inevitable."

"Many additional steps must be taken," Ickes said, "if a serious east coast shortage is to be averted."

## CONTROL OF ALIENS TIGHTENS

Sharper Regulations Over Immigration Into United States to be Instituted Before July 1, Are Revealed Few Hours After Government Bars Departure "Pending Instructions" of 330,000 German Nationals

## BOARD OF REVIEW WILL BE ESTABLISHED

BY LLOYD LEHRBAS  
Washington, June 18.—(P)—Sharper control over immigration into the United States is to be instituted before July 1, authorities sources declared today, a few hours after the government had barred the departure "pending further instructions" of any of the 330,000 German nationals now living in this country.

To effect the new strict control over movements of aliens, boards of review will be established to pass on all applications for immigrant visas, after each application has been thoroughly investigated.

Applications for the annual quota of 153,774 immigrant visas at present are passed on by field officers of the Immigration Bureau after—so Attorney General Jackson told congress—a rather haphazard investigation of the prospective citizens' qualifications and history.

The State, Justice, War and Navy Departments will have one representative on each of the five boards of review to be set up, it was learned, with the possibility that the Federal Bureau of Investigation or a special immigration investigative agency will also be represented.

First Service of Jubilee Celebration of Bethlehem Congregational is Held Tuesday Evening With Greetings From Former Pastors

2 CHARTER MEMBERS

The first service of the 50th anniversary observance of the Bethlehem Congregational Church was held last evening at 7:30 o'clock, the only Swedish service planned during the jubilee celebration.

The service opened with Scripture reading and prayer by the church chairman, G. A. Swanson, and the church choir sang two Swedish anthems. Short greetings were given by former pastors, Rev. A. G. Eklund, of Ironwood, Mich., and Rev. Carl H. Peterson, of Tacoma, Wash.

Mrs. N. P. Larson, a charter member still active in the church, and N. G. Hogvall, also a charter member, were recognized at this time.

The sermon was delivered by the Rev. A. G. Nelson, of Sugar Grove, veteran Covenant pastor, who has recently celebrated his 90th birthday anniversary and is still much in demand as a supply pastor and speaker.

At 7:30 o'clock this evening, "Organizations Night" will be observed, with a sermon by Former Pastor Eklund. Local leaders are to participate and there will be special feature numbers.

There will be two services on Thursday, the Ladies' Aid mid-summer festival at 2:30 o'clock and "Conference Night" at 7:30.

## AUDITOR GENERAL F. CLAIR ROSS TO ATTEND DINNER HERE JUNE 24

Democratic County Chairman C. Henry Nicholson today announced that the Democratic county organization will hold a dinner in honor of Honorable F. Clair Ross, auditor general of the commonwealth of Pennsylvania on Tuesday, June 24, 6:30 p. m., daylight time. The dinner will be held at the Y. W. C. A. Activities building.

Auditor General Ross is very well known in Warren and adjoining counties. He assumed the duties of his new office on May 6 after having served four successful years as treasurer of the state of Pennsylvania. Prior to his tenure as treasurer, Ross served as deputy attorney general for two years.

A native of nearby Mercer county, General Ross received his early education in the Sandy Lake schools, later going to and graduating from Grove City College after which he became a teacher (Turn To Page Six)

Already given 13 weeks training in cavalry fundamentals, the new men will be absorbed by elements of Pennsylvania's 104th Cavalry Regiment commanded by Col. A. H. Stackpole of Harrisburg. Both the mechanized and horse squadrons will get a group of the recruits.

## DUQUESNE CO. FACING STRIKE DURING NIGHT

Washington, June 18.—(P)—Harold J. Straub, national director of the Utility Workers Organizing Committee (UWO), announced here today that its local union at Springdale, Pa. had voted to call a strike at midnight tonight at the Colfax plant of the Duquesne Light Company of Pittsburgh.

The union said the company's setup made it impossible to make provision "to supply essential public service."

Straub said the union acted after "The Independent Association of Employees of the Duquesne Light Company had unanimously rejected a recommendation" made by Dr. John R. Steinhilber, director of the federal conciliation service, which the company and UWO had accepted to avert a strike.

The Colfax plant is the largest of three Duquesne plants serving an 80-mile transmission area in the Pittsburgh district, including several industrial plants in Allegheny and Beaver counties working on defense orders.

## POLICE ON GUARD AT LOCK HAVEN

Lock Haven, June 18.—(P)—State troopers patrolled the strike-bound Piper Aircraft Corporation plant today after minor clashes between AFL pickets and workers who sought to return to work.

A detail of 27 state police took up posts around the big factory where production was halted Monday by a walkout called by AFL machinists after the collapse of negotiations on wage increases.

The state police did not request by Sheriff D. Edward Grenoble as company and union officials looked to a state labor conciliator to end the two-day strike which has halted production of planes used by the government in training civilian pilots.

Spokesmen for the International Association of Machinists, whose Lock Haven local called the strike Tuesday after a dispute over wage increases, reported the State Department of Labor and Industry would send a conciliator to the scene. The union declared earlier that a mediator also would be sent by the U. S. Conciliation Service.

## OUTRIGHT REJECTION INDICATED

Dispatching of Statement From Reich Capital Vigorously Refuting Accusations That Representatives Had Been Guilty of Any Conduct Injurious To America Brings Momentarily Lull in Tense Situation

Washington, June 18.—(P)—A strong German protest on the expulsion of Nazi consuls from the United States was delivered to the State Department today, and Summer Welles, undersecretary of the state indicated it would be flatly rejected.

The note was taken to Welles by Hans Thomsen, German charge d'affaires.

In announcing its receipt, Welles declined to disclose the contents of the note except to say that it was a protest against the State Department's order Monday that all German consular officials leave the country by July 10, on the grounds that they had engaged in activities inimical to the welfare of the United States.

Welles added, however, that arrangements were being made for the departure of the consuls.

This was considered tantamount to an announcement that the German note would be rejected outright.

Berlin, June 18.—(P)—The dispatch of Germany's protest against President Roosevelt's order closing all German consulates in the United States brought a momentary lull today in discussion of the tense German-American relations.

The Germans are saying nothing further, but apparently are taking the attitude that the next step is up to the United States. American reaction to the German protest is awaited.

Asked whether the episode might be considered closed with Germany's formal presentation of a protest, an authorized spokesman said:

"No. The reaction to our note is awaited."

The text of the protest was not disclosed, the only indication of its nature being a general statement vigorously denying that German consulates in the United States had been guilty of any conduct injurious to America.

A communique announcing the German protest was issued late last night and came as a surprise because (Turn To Page Nine)

## GARBAGE IS PILING UP AT M'KEESPORT

McKeesport, June 18.—(P)—With garbage and trash piling higher and higher in alleys, streets and vacant lots and striking municipal service workers flatly rejecting a peace plan, this industrial center of 37,000 persons studied ways and means today of "carrying on" its normal business.

The service workers—garbage collectors, street cleaners and maintenance men—struck Sunday night, demanding pay boosts and union recognition.

McKeesport, June 18.—(P)—Break-

ing her best-kept secret of the war, Britain called today for a volunteer army of 15,000 technicians for her newest sentinel—a radio-wave airplane locator on which she pinned high hopes of winning the fierce-fought battle for mastery of her skies.

Within a few hours after British officialdom disclosed the device had been perfected and put into actual war operations by the hundreds, Lord Beaverbrook, minister of state, called for 10,000 men and 3,000 women to make and operate the radiolocators.

In his appeal, broadcast to America, Lord Beaverbrook predicted "powerful benefits and immense relief" from the invention, credited to Robert Alexander Watson Watt, 49-year-old Scottish scientist who considers himself "one of the boys in the backroom" of the Air Ministry.

Details of the device's operation, of course, were withheld, but Clement R. Atlee, lord privy seal, told the House of Commons yesterday it is "a radio that finds the enemy in the darkness, that seeks him out through the clouds . . . that sends an avenging fighter to the place where he will meet the lurking bomber and bring him to destruction."

Now Will You Believe Jonah?

The mammoth whale whose mouth is shown here will be exhibited in Warren Monday on a specially built railway car that will be parked on the siding at Fourth avenue and Chestnut street. # PERIOD FROM JULY 7 TO 11 SET ASIDE FOR COUNTY CAMPAIGN TO RAISE QUOTA FOR THE U. S. O.

The period from July 7 to July 11 has been set for the Warren county campaign for public subscriptions to the U. S. O. It was announced today by Dr. Leonard Rosenzweig, local chairman of the United Service Organizations for National Defense.

Already the non-profit corporation which brings together six national agencies in a common program of service to our defenders, soldiers, sailors, marines and defense workers, is in motion and within a short time, through funds provided by private citizens, will be ready to meet the problem of providing a home away from home for service men and recreational facilities for all engaged in the work of national defense.

The six agencies which are co-operating to serve the educational, spiritual, and social needs of those in the armed forces and defense industries of the United States, and in general to contribute to the morale of our defense forces and the communities in which they are based are: the Salvation Army, the National Catholic Community Service, the Jewish Welfare Board, the National Travelers Aid Association, the Young Men's Christian Association and the Young Women's Christian Association.

By working together, the agencies eliminate duplication and decrease expense, promote national unity and interfaith fellowship and conserve precious time.

In outlining briefly the program of the U. S. O., which has already received favorable comments from national and civic leaders from President Roosevelt down, Dr. Rosenzweig pointed out that the prime purpose of the plan is to serve

those engaged in the defense program.

"In this era of total war," he said, "a nation's real strength lies in a solidarity of spirit among the armed forces, the defense workers and the civilian population that enables men and women to transcend their ordinary workaday selves and, in a common resolve, perform better than they thought they could."

"This we call morale. It is the one thing that makes a nation unbeatable, even against greatest odds."

"The government knows this, and on the military and naval reservations, it's doing a grand job to promote morale. But it is 'off the reservation' that a problem exists. Your typical citizen-soldier, when his hours of duty are over, starts for the nearby communities looking for a good time, for an outlet. What does he find?"

"The U. S. O. will supply the answer!"

"The U. S. O., with the cooperation of those at home, will provide social events and entertainment, counsel and guidance for personal problems, religious services for those of varying faiths in cooperation with chaplains of the forces and churches in the community, recreational facilities, group activities, hospital visiting, information services, contacts between soldiers and their homes when necessary, and to prevent young men from being importuned by those who seek to exploit service men commercially or viciously."

In the words of Thomas E. Dewey, who heads the organization:

"The private life and religious guidance of our boys are not a government function in a free country. True they are the business of government in Nazi Germany, Communist Russia and Fascist Italy. But that is the very thing to which we stand opposed. This function is part of the sober business of preserving the essentials of freedom in this, our homeland—almost the last free country in the world!"

Complete details of the U. S. O. campaign will soon be printed in the Times-Mirror.

## SIXTH RISE IN PRICE OF CRUDE REPORTED TODAY

The sixth increase in the price of Pennsylvania crude oils within seven months went into effect today when leading purchasers announced a rise of 20 cents a barrel for all grades.

The increase boosted the price of Bradford-Allegheny to \$2.75, southwest Pennsylvania to \$2.50, and Eureka to \$2.34.

Bradford-Allegheny sold at \$2.75 from January 1, 1940, to May 21, 1940, when it began a decline which finally stopped at \$1.85 last August. Consistent increase in demand has led to the price increases.

Meanwhile, according to the Associated Press, a new record was established last month for crude oil deliveries through eastern pipe lines, 22,840,000 barrels being handled against 21,010,000 in May, 1940. For the first five months of 1941, deliveries have amounted to 100,283,000 barrels, compared to 94,910,000 barrels in the same 1940 period.

# PERIOD FROM JULY 7 TO 11 SET ASIDE FOR COUNTY CAMPAIGN TO RAISE QUOTA FOR THE U. S. O.

The period from July 7 to July 11 has been set for the Warren county campaign for public subscriptions to the U. S. O. It was announced today by Dr. Leonard Rosenzweig, local chairman of the United Service Organizations for National Defense.

Already the non-profit corporation which brings together six national agencies in a common program of service to our defenders, soldiers, sailors, marines and defense workers, is in motion and within a short time, through funds provided by private citizens, will be ready to meet the problem of providing a home away from home for service men and recreational facilities for all engaged in the work of national defense.

The six agencies which are co-operating to serve the educational, spiritual and social needs of those in the armed forces and defense industries of the United States, and in general to contribute to the morale of our defense forces and the communities in which they are based are: the Salvation Army, the National Catholic Community Service, the Jewish Welfare Board, the National Travelers Aid Association, the Young Men's Christian Association and the Young Women's Christian Association.

By working together, the agencies eliminate duplication and decrease expense, promote national unity and interfaith fellowship and conserve precious time.

In outlining briefly the program of the U. S. O., which has already received favorable comments from national and civic leaders from President Roosevelt down, Dr. Rosenzweig pointed out that the prime purpose of the plan is to serve

those engaged in the defense program.

"In this era of total war," he said, "a nation's real strength lies in a solidarity of spirit among the armed forces, the defense workers and the civilian population that enables men and women to transcend their ordinary workaday selves and, in a common resolve, perform better than they thought they could."

"This we call morale. It is the one thing that makes a nation unbeatable, even against greatest odds."

"The government knows this, and on the military and naval reservations, it's doing a grand job to promote morale. But it is 'off the reservation' that a problem exists. Your typical citizen-soldier, when his hours of duty are over, starts for the nearby communities looking for a good time, for an outlet. What does he find?"

"The U. S. O. will supply the answer!"

"The U. S. O., with the cooperation of those at home, will provide social events and entertainments, counsel and guidance for personal problems, religious services for those of varying faiths in cooperation with chaplains of the forces and churches in the community, recreational facilities, group activities, hospital visiting, information services, contacts between soldiers and their homes when necessary, and to prevent young men from being importuned by those who seek to exploit service men commercially or viciously."

In the words of Thomas E. Dewey, who heads the organization:

"The private life and religious guidance of our boys are not a government function in a free country. True they are the business of government in Nazi Germany, Communist Russia and Fascist Italy. But that is the very thing to which we stand opposed. This function is part of the sober business of preserving the essentials of freedom in this, our homeland—almost the last free country in the world!"

Complete details of the U. S. O. campaign will soon be printed in the Times-Mirror.

## SIXTH RISE IN PRICE OF CRUDE REPORTED TODAY

The sixth increase in the price of Pennsylvania crude oils within seven months went into effect today when leading purchasers announced a rise of 20 cents a barrel for all grades.

The increase boosted the price of Bradford-Allegany to \$2.75, southwest Pennsylvania to \$2.50, and Eureka to \$2.34.

Bradford-Allegany sold at \$2.75 from January 1, 1940, to May 21, 1940, when it began a decline which finally stopped at \$1.85 last August. Consistent increase in demand has led to the price increases.

Meanwhile, according to the Associated Press, a new record was established last month for crude oil deliveries through eastern pipe lines, 22,840,000 barrels being handled against 21,010,000 in May, 1940. For the first five months of 1941, deliveries have amounted to 100,283,000 barrels, compared to 94,910,000 barrels in the same 1940 period.

**NEW CHALLENGE FOR HITLER**  
President Roosevelt's decision to close the German consulates and tourist-propaganda agencies in this country on the grounds that their activities have been inimical to the best welfare of the nation, in the opinion of close students of the international situation, presents to Nazi world policy a piercing challenge, in some ways the strongest since Sir Neville Henderson delivered Britain's two-hour ultimatum to the Wilhelmstrasse September 2, 1939.  
This is not to say there is a parallel: America has presented no ultimatum, nor is war or even the non-existence of formal diplomatic relations directly or immediately involved or inevitable.  
Yes, it must be admitted, the step was taken with full knowledge that Germany has the right, (almost, under normal international procedure, the obligation), to take precisely similar retaliation against United States consulates in the territory she controls or against United States Nationals whom the Nazi may deem to be engaged in semi-official trade, travel or information services. It was done also at the obvious risk that Germany may choose to break the thin remaining thread of diplomatic relations.  
In speculating on Hitler's reaction one writer says, "we must remember that accepted international procedure, such as the severance of diplomatic relations in the calm and traditional manner, is not the Hitler way." He continues.  
"One must also take note of the fact that the German public did not at first learn even the bare facts of the case, and certainly has not been prepared for a diplomatic break with the United States, much less a state of war. An abrupt diplomatic break, on Germany's initiative and unprecedented by elaborate explanation and internal propaganda, would be a stunning blow to German morale and an admission of German aggressive intent. It is recalled that Hitler has never done that."  
Instead, if he follows the pattern he has cut out for himself, he may be expected to make another Reichstag speech in which the Roosevelt administration will be comprehensively scolded for unreasoning warmaking and Germany completely whitewashed, plus a thunderous press campaign against the United States which would doubtless climb to a new heights of venom. Not until then—if the pattern is followed—is Germany's complete reprisal likely to be revealed, although preliminary action such as was announced in Berlin today that the Reich is taking immediate retaliatory "necessary measures" against American assets in the Reich, and has lodged a "sharpest protest" against the order closing Nazi consulates was naturally expected as face-saving devices.  
Up in Jamestown Chief of Police Nelson reports he is receiving letters and phone calls as well as personal calls commending him on his efforts to bring about an abatement of unnecessary blowing of automobile horns in that city. More power to him.  
Plans for a really important and worthwhile campaign about to be launched in Warren county are revealed in an article in another column of this issue announcing the forthcoming drive to raise the local quota for the United Service Organizations  
Good news for oil producers and operators is contained in over-night dispatches announcing the sixth increase in the price of Pennsylvania crude oils within seven months.  
Newspapermen throughout the section will be sorrowed to learn of the sudden death in Fort Lauderdale, Fla. Tuesday, of Carl G. Milligan, former publisher of the Bradford Era.  
Unless the static clears up to a greater degree than it has the past few nights most of the fight followers of the country are going to be terribly disappointed this evening.

**EDSON'S WASHINGTON COLUMN**  
BY PETER EDSON  
Times-Mirror Washington Correspondent  
Washington, June 18.—One million, one hundred and fifty-three thousand five hundred railway employees having presented demands for wage increases and change of working conditions which may cost the roads as much as \$750 million a year, you may be interested in taking a look at the government machinery set up to avert a strike—the threat employees hold over employers and the traveling and shipping public to gain their desired ends. It's all particularly interesting just now because it is strikingly averted machinery of this kind which is being mentioned by many congressmen as a device to prevent labor troubles in the defense industries.  
Though the railway labor representatives have asked that their demands be met by July 10, the case has not yet come to the National Mediation Board the three-man body set up under the Railway Labor Act of 1934 to handle these matters. And the interesting thing to observe here is that the case won't be placed before the National Mediation Board until efforts have been completely broken down to settle by direct negotiation between the 14 unions involved and the employers.  
That's the first rule of successful mediation, always. Let the two sides to the controversy sit down by themselves and try to iron out their difficulties without government interference. The status of the case at present therefore is that the unions have presented their demands to their employers who are now holding conferences among themselves to decide what they can do. Then both sides will get together and try to reach an agreement.  
If direct negotiations should fail and if the case follows the regular

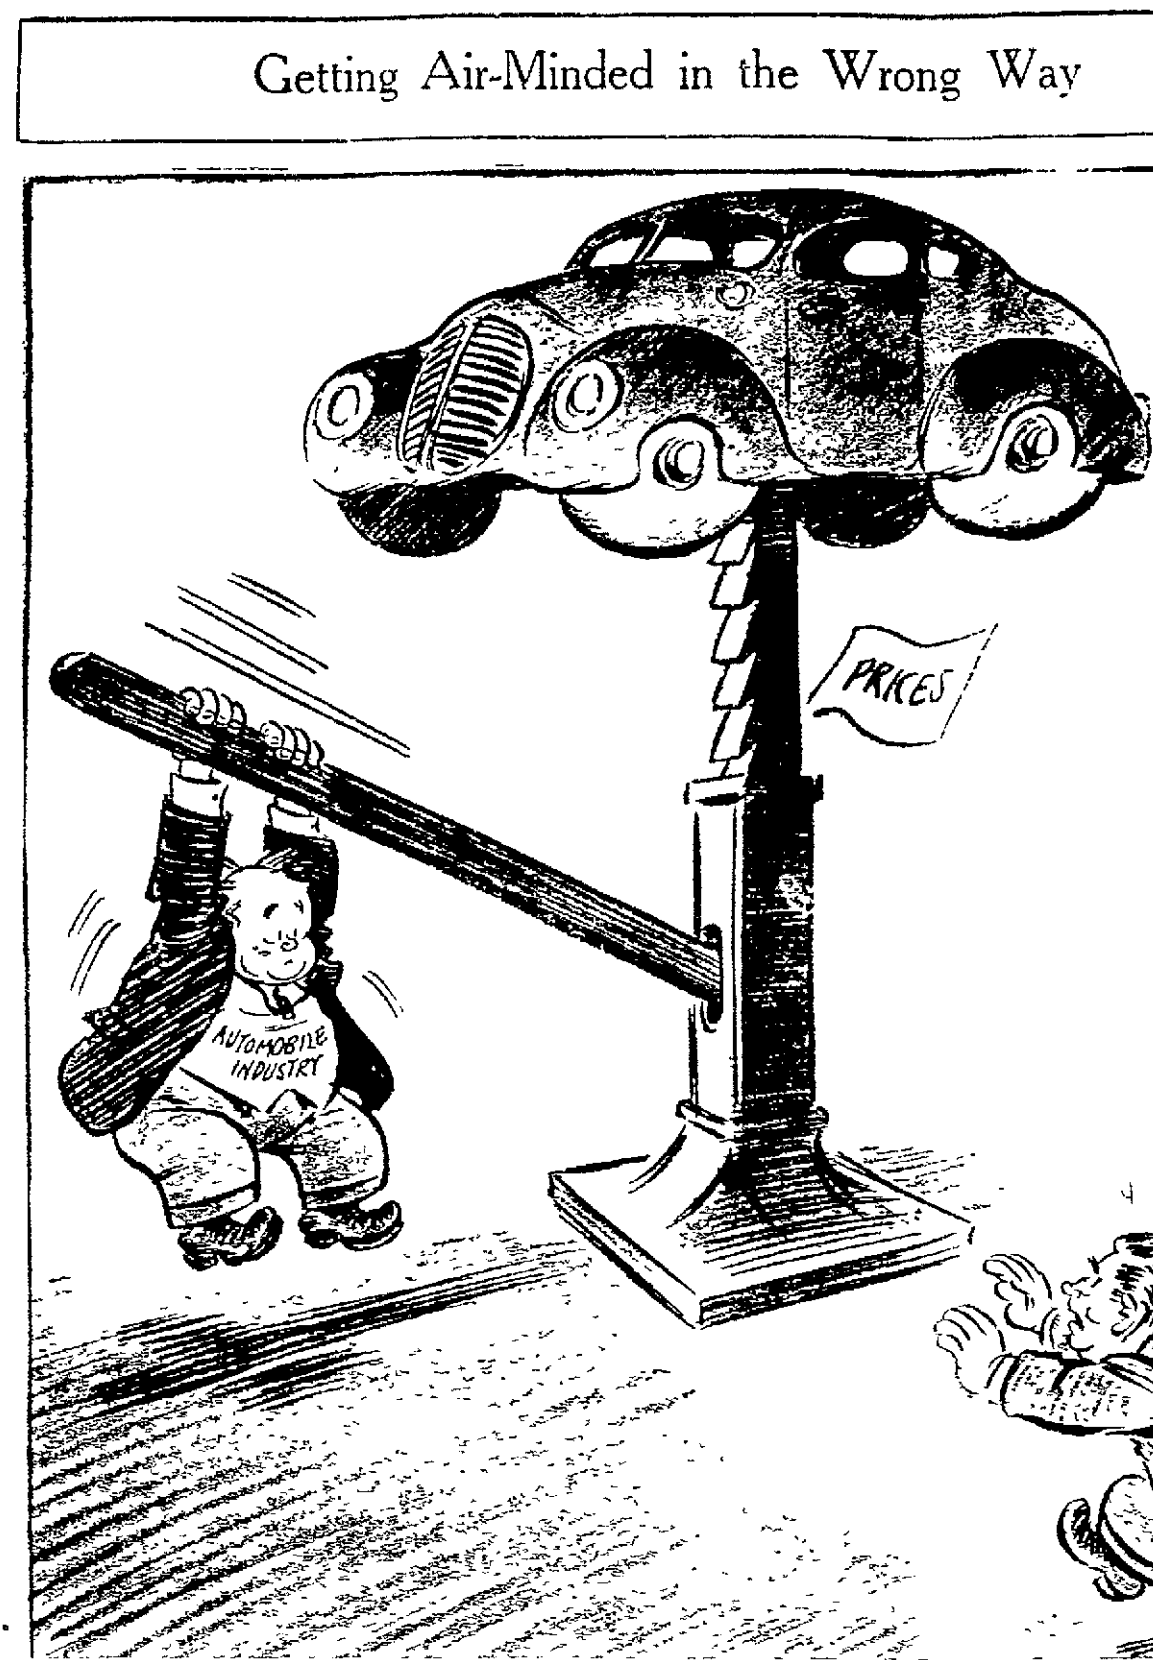

**STORIES IN STAMPS**  
Old Stamp Recalls Hungarian Soviet Regime  
REILC of Hungary's brief career as a Soviet state is this stamp of 1919, issued by the Hungarian Soviet Republic.  
The stamp bears the portrait of Friedrich Engels, German Socialist and associate of Karl Marx. Engels edited several of the volumes of Marx's most renowned work, "Das Kapital."  
Immediately after World War I, Hungary set up the People's Republic with Count Karolyi as provisional president. This form of government lasted until March of the following year when the Soviet Republic was set up under Bela Kun. This attempt to emulate the Russian Communist form of government lasted only a few months before the Soviet regime was deposed and a Socialist government came into power.  
Today Hungary is definitely in the grip of Nazi Germany, one of the victims of "bloodless conquest."

channels the next step would be the calling in of a Mediation Board mediator. The mediators in these cases work just like mediators always have to informally and off the record. First they talk to one side then to the other acting as messenger boys between the big men who aren't speaking to each other any more. Finally the mediator may be able to find a formula to bring the two together again and eventually they reach a settlement. Ninety per cent of the board's cases are settled by this mediation.  
If that doesn't work the next step is for the Mediation Board to suggest arbitration under which each side names one arbitrator and these two name a third. This arbitration board holds hearings, studies the case and makes its findings which are then put in effect through U. S. federal courts. Since 1934, 11 cases have been settled by arbitration following this pattern.  
If the two sides won't arbitrate or if the arbitration award is unsatisfactory to both sides and it looks as though the issue is going to bring on a strike which will cripple transportation, the National Mediation Board then puts the matter right up to the White House. Under the railway labor law, the President is empowered to name an emergency board to investigate and report on the trouble.  
The so-called and much discussed "cooling off" periods of the Railway Labor Act came through board orders and legal provisions freezing the situation pending mediation, arbitration and settlement. Employees and employers are required to file demands for changes in existing labor relations 30 days in advance. If arbitration is invoked, existing working conditions must remain in force with- (Turn to Page Ten)

**Man About Manhattan**

By GEORGE TUCKER  
NEW YORK—The wreaths that were hung on Max Schmeling's name by some sports writers when the erroneous report of his demise in Crete came in were not in key with the things that were said about him when he was fighting in the United States. I can recall more than one essay summing up the German as a miser and a penny-grubber. Max never cared about blowing his money on blondes in Broadway nightclubs.  
It is natural, I suppose, to say nice things about the dead. Yet somehow posthumous tributes have a phoney ring when written by men who never hesitated to be blunt and uncompromising when the "deceased" was alive.  
MOST of these eulogies called Schmeling a great guy and a game if not a great fighter. They dwell on his good points his abiding faith in himself when all others doubted. Yet these voices were not lifted in his defense when he was given a crude run-around after he knocked out Joe Louis in their first fight—a deal that saw the beaten Louis, not the victorious Schmeling, given the chance at the heavyweight title, then held by the amiable James J. Braddock, the Jersey pier walloper.  
Maybe I'm wrong. Maybe I'm naive. But it seems to me that on the side politics should be the only factor in determining a challenger for the heavyweight title in New York. But that's the way it is in our town. No matter how

good you are, you don't get the shot unless you agree to play ball. You don't get the champ unless you sign your future ring activities away.  
Whether Max Schmeling had a good fighter or a bad fighter had no bearing on the issue. He whipped Louis, and the only reason he fought Louis was for the right to meet Braddock for the title. He must have been dazed, to say the least, when Louis, after recovering from his beating, was given preference and an open shot at Braddock's title, which he lifted without too much trouble.  
BUT, things like that happen in New York. They happen every day. You've got to play ball if you want to get ahead in the big-time fight racket. You've got to agree to fight for just one man—and nobody else. You've got to take orders. Joe Louis is a better fighter than Schmeling ever was or ever could be. He is truly a great champion. But that doesn't alter the case that Schmeling earned the right to meet Braddock for the title—and never got it. He was shoved around. He was finished as neatly as Culbertson can relieve you of an undefended queen.  
The word now is that Schmeling, a parachute trooper in the German army, is convalescing from a fever on a hospital cot somewhere in Greece. I don't know whether he'll see the New York papers or not, but if he does the flowery eulogies spun around his "demise" should hand him a good laugh.

## NEW CHALLENGE FOR HITLER

President Roosevelt's decision to close the German  
consulates and tourist-propaganda agencies in this country  
on the grounds that their activities have been in-  
imical to the best welfare of the nation, in the opinion of  
close students of the international situation, presents to  
Nazi world policy a piercing challenge, in some ways the  
strongest since Sir Neville Henderson delivered Britain's  
two-hour ultimatum to the Wilhelmstrasse September 2,  
1939.

This is not to say there is a parallel: America has  
presented no ultimatum, nor is war or even the non-ex-  
istence of formal diplomatic relations directly or im-  
mediately involved or inevitable.

Yes, it must be admitted, the step was taken with full  
knowledge that Germany has the right, (almost, under  
normal international procedure, the obligation), to take  
precisely similar retaliation against United States con-  
sulates in the territory she controls or against United  
States Nationals whom the Nazi may deem to be engaged  
in semi-official trade, travel or information services. It  
was done also at the obvious risk that Germany may  
choose to break the thin remaining thread of diplomatic  
relations.

In speculating on Hitler's reaction, one writer says,  
"we must remember that accepted international proced-  
ure, such as the severance of diplomatic relations in the  
calm and traditional manner, is not the Hitler way." He  
continues:

"One must also take note of the fact that the German  
public did not at first learn even the bare facts of the  
case, and certainly has not been prepared for a diplo-  
matic break with the United States, much less a state  
of war. An abrupt diplomatic break, on Germany's in-  
itiative and unprecedented by elaborate explanation and  
internal propaganda, would be a stunning blow to German  
morale and an admission of German aggressive intent.  
It is recalled that Hitler has never done that."

Instead, if he follows the pattern he has cut out for  
himself, he may be expected to make another Reichstag  
speech in which the Roosevelt administration will be  
comprehensively scolded for unreasoning warmaking and  
Germany completely whitewashed, plus a thunderous  
press campaign against the United States which would  
doubtless climb to a new height of venom. Not until  
then—if the pattern is followed—is Germany's complete  
retrial likely to be revealed, although preliminary action  
such as was announced in Berlin today that the Reich is  
taking immediate retaliatory "necessary measures"  
against American assets in the Reich, and has lodged a  
"sharpest protest" against the order closing Nazi con-  
sulates, was naturally expected as face-saving devices.

Up in Jamestown Chief of Police Nelson reports he is  
receiving letters and phone calls as well as personal calls  
commending him on his efforts to bring about an abate-  
ment of unnecessary blowing of automobile horns in that  
city. More power to him.

Plans for a really important and worthwhile cam-  
paign about to be launched in Warren county are re-  
vealed in an article in another column of this issue announ-  
cing the forthcoming drive to raise the local quota for the  
United Service Organizations.

Good news for oil producers and operators is con-  
tained in over-night dispatches announcing the sixth in-  
crease in the price of Pennsylvania crude oils within  
seven months.

Newspapermen throughout the section will be sor-  
rowed to learn of the sudden death in Fort Lauderdale,  
Fla., Tuesday, of Carl G. Milligan, former publisher of  
the Bradford Era.

Unless the static clears up to a greater degree than  
it has the past few nights most of the fight followers of  
the country are going to be terribly disappointed this  
evening.

green apple a day will keep the doctor away—from his

## Getting Air-Minded in the Wrong Way

## EDSON'S WASHINGTON COLUMN

BY PETER EDSON  
Times-Mirror Washington Cor-  
respondent

Washington, June 18.—One mil-  
lion, one hundred and fifty-three  
thousand five hundred railway em-  
ployees have presented demands  
for wage increases and change of  
working conditions which may cost  
the roads as much as \$750 million  
a year, you may be interested in  
taking a look at the government  
machinery set up to avert a strike  
—the threat employees hold over  
employers and the traveling and  
shipping public to gain their de-  
sired ends. It's all particularly in-  
teresting just now because it is  
strikingly similar to the machinery  
of this kind which is being mentioned  
by many congressmen as a device to  
prevent labor troubles in the de-  
fense industries.

Though the railway labor repre-  
sentatives have asked that their  
demands be met by July 10, the  
case has not yet come to the Na-  
tional Mediation Board, the three-  
man body set up under the Rail-  
way Labor Act of 1934 to handle  
these matters. And the interest-  
ing thing to observe here is that  
the case won't be placed before  
the National Mediation Board un-  
til efforts have been completely  
broken down to settle by direct neg-  
otiation between the 14 unions in-  
volved and the employers.

That's the first rule of success-  
ful mediation, always. Let the  
two sides to the controversy sit  
down by themselves and try to iron  
out their difficulties without gov-  
ernment interference. The status  
of the case at present, therefore  
is that the unions have presented  
their demands to their employers  
who are now holding conferences  
among themselves to decide what  
they can do. Then both sides will  
get together and try to reach an  
agreement.

If direct negotiations should fail  
and if the case follows the regular

channels, the next step would be  
the calling in of a Mediation Board  
mediator. The mediators in these  
cases work just like mediators al-  
ways have to, informally and off  
the record. First they talk to one  
side, then to the other, acting as  
messenger boys between the big  
men who aren't speaking to each  
other any more. Finally, the me-  
diator may be able to find a formula  
to bring the two together again,  
and eventually they reach a settle-  
ment. Ninety per cent of the  
board's cases are settled by this  
mediation.

If that doesn't work, the next  
step is for the Mediation Board to  
suggest arbitration, under which  
each side names one arbitrator,  
and these two name a third. This  
arbitration board holds hearings,  
studies the case and makes its  
findings which are then put in ef-  
fect through U. S. federal courts.  
Since 1934, 11 cases have been  
settled by arbitration following this  
pattern.

If the two sides won't arbitrate,  
or if the arbitration award is un-  
satisfactory to both sides and it  
looks as though the issue is going  
to bring on a strike which will  
cripple transportation, the Na-  
tional Mediation Board then puts  
the matter right up to the White  
House. Under the railway labor  
law, the President is empowered  
to name an emergency board to  
investigate and report on the  
trouble.

The so-called and much discus-  
sed "cooling off" periods of the  
Railway Labor Act came through  
board orders and legal provisions  
freezing the situation pending  
mediation, arbitration and settle-  
ment. Employers and employees  
are required to file demands for  
changes in existing labor relations  
30 days in advance. If arbitration  
is invoked, existing working con-  
ditions must remain in force with-

## STORIES IN STAMPS

Old Stamp Recalls  
Hungarian Soviet Regime

RELIC of Hungary's brief ca-  
reer as a Soviet state is this  
stamp of 1919, issued by the Hun-  
garian Soviet Republic.

The stamp bears the portrait  
of Friedrich Engels, German So-  
cialist and associate of Karl  
Marx. Engels edited several of  
the volumes of Marx's most re-  
nowned work, "Das Kapital".  
Immediately after World War  
I, Hungary set up the People's  
Republic with Count Karolyi as  
provisional president. This form  
of government lasted until March  
of the following year when the  
Soviet Republic was set up under  
Bela Kun. This attempt to em-  
ulate the Russian Communist form  
of government lasted only a few  
months before the Soviet regime  
was deposed and a Socialist gov-  
ernment came into power.

Today Hungary is definitely  
in the grip of Nazi Germany, one  
of the victims of "bloodless con-  
quest."

## Man About Manhattan

By GEORGE TUCKER

**NEW YORK**—The wreaths that  
were hung on Max Schmeling  
when the erroneous report of  
his demise in Crete came in were  
not in key with the things that  
were said about him when he was  
fighting in the United States. I  
can recall more than one essay  
summing up the German as a  
miser and a penny-grabber. Max  
never cared about blowing his  
money on blondes in Broadway  
nightclubs.

It is natural, I suppose, to say  
nice things about the dead. Yet  
somehow posthumous tributes  
have a phoney ring when written  
by men who never hesitated to be  
blunt and uncompromising when  
the "deceased" was alive.

**MOST** of these eulogies called  
Schmeling a great guy and a  
game if not a great fighter. They  
dwelt on his good points his abid-  
ing faith in himself when all oth-  
ers doubted. Yet these voices were  
not lifted in his defense when he  
was given a crude run-around af-  
ter he knocked out Joe Louis in  
their first fight—a deal that saw  
the beaten Louis, not the victori-  
ous Schmeling, given the chance  
at the heavyweight title, then  
held by the amiable James J.  
Braddock, the Jersey pier wal-  
loper.

Maybe I'm wrong. Maybe I'm  
naive. But it seems to me that in-  
side politics shouldn't be the only  
factor in determining a challen-  
ger for the heavyweight title in  
New York. But that's the way it  
is in our town. No matter how

good you are, you don't get the  
shot unless you agree to play ball.  
You don't get the championship  
unless you sign your future ring activi-  
ties away.

Whether Max Schmeling was a  
good fighter or a bad fighter had  
no bearing on the issue. He  
whipped Louis, and the only rea-  
son he fought Louis was for the  
right to meet Braddock for the  
title. He must have been dazed, to  
say the least, when Louis, after  
recovering from his beating, was  
given preference and an open shot  
at Braddock's title, which he lifted  
without too much trouble.

**BUT**, things like that happen in  
New York. They happen ev-  
ery day. You've got to play ball.  
If you want to get ahead in the  
big-time fight racket, you've got  
to agree to fight for just one man  
—and nobody else. You've got to  
take orders. Joe Louis is a better  
fighter than Schmeling ever was  
or ever could be. He is truly a  
great champion. But that doesn't  
alter the case that Schmeling  
earned the right to meet Braddock  
for the title—and never got it. He  
was shoved around. He was fin-  
ished as neatly as Culbertson  
can relieve you of an undefended  
queen.

The word now is that Schmeling,  
a parachute trooper in the  
German army, is convalescing  
from a fever on a hospital cot  
somewhere in Greece. I don't  
know whether he'll see the New  
York papers or not, but if he does  
the flowery eulogies spun around  
his "demise" should hand him a  
good laugh.

# Plans for the Second Registration Of Young Men Eligible For Army Training Revealed by Director

Selective Service local boards of Pennsylvania are expected on July 1 to conduct the second registration of young men eligible for military training without requiring the assistance of outside agencies, Dr. William Mather Lewis, Selective Service Director for Pennsylvania, advised Governor Arthur H. James today. While various organizations not a part of the Selective Service System helped in the first registration on October 16, 1940, Dr. Lewis said that as the second registration will be much smaller, the local board members and clerks are expected to handle it without difficulty. Estimates by the Bureau of Census in Washington indicate that about 65,773 men will be registered in Pennsylvania on July 1. Men who have become 21 years of age since October 16 will be required to register. "The majority of young men affected," Dr. Lewis said, "will be registered at the local board headquarters in the community in which they live. In the event, however, that local board offices are so situated that it would be difficult for the registration to be conducted there without hardship to the registrants, other public buildings may be used with permission of State Headquarters, providing that there is no expense to Selective Service or the Government." Also, the Director said, where unusual circumstances exist, local boards are authorized to enlist volunteers for the actual registration. Registration will be conducted between the hours of 7 a. m. and 9 p. m., Dr. Lewis pointed out. He urged men subject to registration, if possible, with the local boards in their home communities—the local boards which will have jurisdiction over them. Last October, men registered wherever they happened to be and, as a result, thousands of transfers of registration cards were necessary in order to bring registrants under their proper jurisdiction. Dr. Lewis said it will be to the advantage of both the local boards and the registrants if this condition is avoided on July 1. He made it plain, however, that if a man who is subject to registration is away from his home community on Registration Day, and returning to his home would be a hardship, he may register at any local board office.

Cleveland, are visiting at the Sipple home.

Mr. and Mrs. Ernest Peterson and son, Marshall, Mr. Scribner spent Sunday with Mr. and Mrs. Lloyd Peterson, at Kane.

Alvin Reed, of Sunlandville, and Mrs. Leo Sadler and family were Sunday guests of Mr. and Mrs. Martin Gage.

## Lander

Lander, June 14—Fred Putnam, high school teacher, was elected president of the Lander school alumni association at the group's annual dinner meeting in the Lander community house Saturday night.

Named vice-president was Mrs. Robert Mahan, of Sugar Grove, with Mrs. Albert Firth, of Lander, secretary and treasurer, and Donald Mills, also of Lander, as toastmaster. Nearly 70 alumni attended the dinner.

Principal speaker on the program was Rev. Macklyn Lindstrom, pastor of the Freewoods Methodist church and former pastor of the Lander church. He took as his subject, "Destiny."

Others taking part were Herman Reed high school principal; Mr. Putnam, Miss Rosemary Wilcox, teacher, Jamestown schools, and Robert Mahan of Sugar Grove. Richard Nelson of Sharon acted as toastmaster. Group singing was led by Miss Alice Feltman of Russell, with Mrs. Eleanor Ludwig as accompanist. Miss Fehl-

man also presented a vocal solo.

Mrs. Marjorie Putnam, of Erie, presided at the business meeting and the secretary and treasurer's report was given by Miss Dorothy Mahan.

The dinner was served by the ladies of the WSCS of the Methodist church.

In the 1940 Decennial Census, more than 410,000 enumerators made 81,618,689 calls and obtained 3,971,024,489 separate fact entries about people, farms, housing, factories, and other activities.

to select candidates who show natural ability for the work and refer them for training either in government-sponsored training courses or in employers' training-within-industry programs.

"Now that school is out the Warren employment office has been given new and important responsibilities in the vocational training of graduates. Young people can talk over their job problems with our trained specialists who can help to determine the individual's fitness for the job in which he is interested. Moreover, this year's graduating classes will find more opportunities for jobs open to them through the Warren State employment office at no cost to themselves," says Mr. Levine.

With the emergency of the defense program, the Pennsylvania State Employment Service has been assigned the job of recruiting labor for the defense industries, both government and private, according to David W. Levine, local employment manager, who said:

"To meet the increasing demands of industry in a tightening labor market, the Warren employment office has streamlined its operations and have set up machinery for securing day-to-day information on labor market conditions on a local and nation-wide basis. We have developed a number of techniques to assist individual defense plants in meeting their personnel problems and to recruit the necessary labor as rapidly as possible."

**HUSBAND'S RULING AS REFEREE COSTS WIFE A CONTRACT**

Mrs. Sobel, one of our national tournament directors, was presented with her most difficult problem by her husband, Mr. Sobel, whose recent victories probably entitle her to the rating of the No. 1 woman bridge player of the world.

Mrs. Sobel sat North and became the declarer. West led the queen of clubs out of turn. In tournament bridge, the players are not allowed to make a decision themselves, but must call the director, who is also the official referee.

Sobel was called in to the table, and explained to Mrs. Sobel that she could treat the queen of clubs as a penalty card, to be played on the first club lead, or she could name the suit she wanted East to lead. After a careful study of her hand, Mrs. Sobel called for a diamond lead; whereupon East had to announce that he held no diamonds. Now Sobel informed East that the penalty was paid and East was free to lead any card he wanted.

East (who of course knew that his partner held the queen of clubs) led a small club. The nine was played from dummy and West won with the ten. He led a small diamond back, knowing that East could ruff it. East led another small club, and another diamond was returned for a ruff. Thus Mrs. Sobel was set for four spades. Had she called for a heart lead, she could have made six.

Now the tournament director was confronted with the problem of whether to allow the play of the hand to stand. It is true that it did work out disastrously for the declarer but she had been given a choice of penalties, and when the wrong one was selected, nothing could be done about it.

### First Group of Selective Service Recruits Arrive at Indiantown Gap

(From Page One)  
Two or three days will be given over to classifying the selectees and then plans call for their formation into units. The first group of selectees arrived at the 104th Division and the 104th today was turned almost entirely on the selectees' arrival. It was quite an event since it marked beginning of a movement that will change the entire character of the post.  
The 25th itself expects 904 selectees from the 104th. The selectees are expected to arrive in the next month. Although infantry selectees have not been sighted, this day it is likely they will come before August.  
When the full complement arrives, the post's soldier population will have increased from 15,000 to some 22,000, the strength with which the division will engage in the army's war games this fall.  
Although all the selectees will have had at least three months basic training, few if any will be versed in the traditions and aims of the Pennsylvania units and for this reason inductive ceremonies will be staged at the 25th and 104th.

## Annual Flower Show at Woman's Club Proves Very Enjoyable and Successful Event

Despite the rain of the past few days, a very successful flower show was held yesterday afternoon and last evening at the Woman's Club by Mrs. E. G. Hamilton and the members of her Garden Club committee.  
Many groups were reduced in number of entries and some were entirely omitted because of the lack of blooms, but those displayed seemed unusually attractive and judging was a difficult task for Mrs. Earle J. Bellinger, of Magnolia Springs, Miss. Laura Henrich and Ray Gardner, of Buffalo. However, this trio made so many helpful suggestions for the future and offered so many fine points in the art of display and judging that members felt more than repaid for the effort expended in arranging the annual show.  
Following are the awards for the various classifications:  
Single rose—Mrs. W. T. Davidson, 1st; Axel Hultman, 2nd.  
Three roses—Mrs. W. F. Henry, 1st; Mrs. W. T. Davidson, 2nd; Axel Hultman, 3rd.

Miniatures in niches—Jack Hamilton, 1st; Mrs. J. P. Fenstermacher, 2nd; Mrs. Grace P. Lott, 3rd.  
Miniatures—Mrs. J. T. Valone, 1st; Toni Hamilton, 2nd; Mrs. J. P. Fenstermacher, 3rd.  
Junior miniatures—Sally Armstrong, 1st and 2nd; Bobby Hubbs, 3rd.  
This last group the miniatures, was beautifully arranged in a front corner of the room, many of them placed in white, lace trimmed niches and others on flat surfaces. At the base of the display was a ruffled flounce of peach net and soft lighting was produced with a reduced spotlight. There were 77 entries in all for this section.  
Two special exhibits, an East India hilly and two containers of each, were brought by Mrs. J. A. Jones and were admired by many.  
A new group, the still life pictures, was placed across the room before the stage and quickly caught attention and admiration. Table entries were very pretty, with first prize going to Mrs. Armstrong for her picnic arrangement of colorful tableware and buffet articles on an India print cloth. A great wooden bowl of fruit completed the picture. Second place, a dessert luncheon arrangement by Mrs. Alexander, combined cut-work place doilies and roses in a low crystal bowl placed on a center reflector. For the white ribbon, the choice was the Hamilton-Conarro luncheon table which used blue banded china on starched, crocheted mats and shells holding roses.  
Mrs. J. W. A. Luce and Mrs. E. D. Hubbs were in charge of an attractive tea table and invited Mrs. C. T. Conarro, Miss Ella Tybout, Mrs. Clarence Beckley and Mrs. John L. Blair to preside.  
Judges for the show were complemented with a buffet luncheon served at noon by the committee.

in the Deery, Westmoreland county high school. At the advent of the World's War, young Ross enlisted as a flying cadet in the Army's Signal Corps and served throughout the entire war. He saw overseas service.  
After being mustered out of the service, Mr. Ross married and, imbued with the urge for further learning, entered the University of Michigan Law School and later attended Columbia Law School where he did special work in his senior year under the now Chief Justice of the Federal Supreme Court, Harlan Fiske Stone.  
Ross later took up the practice of law in Butler. Always a liberal, aggressive and alert, he quickly became an outstanding orator and traveled throughout the state many times for the Democratic commander of the American Legion in his district where he was very popular in Legion circles.  
Ross' apprenticeship as deputy attorney general was so successful that he became the party's nominee for the state treasurership in 1936 and was victorious. In 1940 he was elected as auditor general.  
Currently, Mr. Ross is chairman of the American Legion, Department of Pennsylvania Committee for Defense and a member of the Pennsylvania Defense Council. The local dinner comes between various defense engagements in northwestern Pennsylvania.  
Chairman Nicholson stated that tickets are being placed on sale through the various members of the county Democratic Committee. He predicted a good turnout for the dinner.

It was indicated that the testimony of the 11 survivors who landed in Brazil was ample, but the corroborating evidence of the 35 missing survivors who reached South Africa Monday will also be studied before a note of protest is drafted.

would be up to these branches then to determine what further course of action should be pursued.  
Stevenson said it was possible that a move would be made to expunge from the legislative record the original remarks made by Cavalcante to "clarify" the whole situation.  
Cavalcante made his charges of a "conspiracy" among Democratic leaders in connection with the passage of a bill to allow heavier gross weights of trucks using Pennsylvania highways. Those he named scoffed at the charges.  
This question took precedence for a while over the administration's \$542,000,000 budget for the next two years. The Senate acted quickly yesterday on budget matters, however, by releasing from committee the \$131,370,000 appropriation for relief in the current biennium.  
Senator James A. Gertz (R.-Allegheny), the majority floor leader, said he thought it was "impossible" for the 1941 session to adjourn finally before "some time in July" and the emergency appropriation will be necessary before then.

**First Group of Selective Service Recruits Arrive at Indiantown Gap**

(From Page One)  
Two or three days will be given over to classifying the selectees and then plans call for their formation into the 104th. The selectees, almost 200 more than originally expected, raise the regiment to a war strength of some 1,500.

The attention of both the 28th Division and the 104th today was turned entirely on the selectees' arrival. It was quite an event since it marked beginning of a movement that will change the entire character of the post.

The 28th itself expects 904 arrivals from Fort Bragg, N. C. next month. Although infantry selectees have not been sighted thus far, it is likely they will come before August.

When the full complement arrives, the post's soldier population will have increased from 13,000 to some 22,000, the strength with which the division will engage in the army's war games this fall.

Although all the selectees will have had at least three months basic training, few if any will be versed in the traditions and aims of the Pennsylvania units and for this reason impressive ceremonies will be staged as the new men join the 28th and 104th.

## Annual Flower Show at Woman's Club Proves Very Enjoyable and Successful Event

Despite the rain of the past few days, a very successful flower show was held yesterday afternoon and last evening at the Woman's Club by Mrs. E. G. Hamilton and the members of her Garden Club committee.

Many groups were reduced in number of entries and some were entirely omitted because of the lack of blooms, but those displayed seemed unusually attractive and judging was a difficult task for Mrs. Earle J. Belling, of Magnolia Springs, Miss. Laura Heinrich and Ray Gardner, of Buffalo. However, this trio made so many helpful suggestions for the future and offered so many fine points in the art of display and judging that members felt more than repaid for the effort expended in arranging the annual show.

Following are the awards for the various classifications:

Single rose—Mrs. W. T. Davidson, 1st; Axel Hultman, 2nd.

## Recently Reelected State Regent of Catholic Daughters to be Guest of Local Court Tonight

Court Warren, Catholic Daughters of America, is to have the pleasure this evening of entertaining Miss Frances Maher, of Kane, in one of her first official visits since having been reelected state regent recently at the convention in Allentown.

Miss Maher has served the state organization as regent for many years and has been for some time a vice supreme regent, also. She holds the distinction of having been cited some time ago by Pope Pius XI for her work in Catholic action and is the proud possessor of a medal received from the pontiff's hand.

She has visited the local court upon many occasions and has many friends both within and outside the organization ranks.

The occasion of her visit this evening is in conjunction with the annual installation of local officers, when Mrs. Nick Mangus will return to occupy the regent's chair, an office she first filled when the court was organized 17 years ago last November.

The installation ceremony will be in the capable hands of Miss Anna E. Fleming, also of Kane, who is the district deputy. She, likewise, has visited here many times and enjoys a wide acquaintance and friendship.

Two other guests for the evening will be Father Edward Jacobs, of St. Joseph's parish, and Father Michael Dailey, of the Church of the Holy Redeemer.

A reception for the visiting officials will follow immediately after the informal dinner to be served at 6:30 o'clock in the Philomel Club.

Mrs. A. T. Slatry and Miss Felicit Lucia are co-chairmen of a large committee of court members busy for some weeks with plans for the event. They report approximately 85 reservations for the dinner.

In the Derry, Westmoreland county high school. At the advent of the World's War, young Ross enlisted as a flying cadet in the Army's Signal Corps and served throughout the entire war. He saw overseas service.

After being mustered out of the service, Mr. Ross married and, imbued with the urge for further learning, entered the University of Michigan Law School and later attended Columbia Law School where he did special work in his senior year under the now Chief Justice of the Federal Supreme Court, Harlan Fiske Stone.

Ross later took up the practice of law in Butler. Always a liberal, aggressive and alert, he quickly became an outstanding orator and traveled throughout the state many times for the Democratic commander of the American Legion in his district where he was very popular in Legion circles.

Ross' apprenticeship as deputy attorney general was so successful that he became the party's nominee for the state treasurer-ship in 1936 and was victorious. In 1940 he was elected an auditor general.

Currently, Mr. Ross is chairman of the American Legion, Department of Pennsylvania Committee for Defense and a member of the Pennsylvania Defense Council. The local dinner comes between various defense engagements in northwestern Pennsylvania.

Chairman Nicholson stated that tickets are being placed on sale through the various members of the county Democratic Committee. He predicted a good turnout for the dinner.

It was indicated that the testimony of the 11 survivors who landed in Brazil was ample, but the corroborating evidence of the 35 missing survivors who reached South Africa Monday will also be studied before a note of protest is drafted.

would be up to these branches then to determine what further course of action should be pursued.

Stevenson said it was possible that a move would be made to expunge from the legislative record the original remarks made by Cavalcante to "clarify" the whole situation.

Cavalcante made his charges of a "conspiracy" among Democratic leaders in connection with the passage of a bill to allow heavier gross weights of trucks using Pennsylvania highways. Those he named scoffed at the charges.

This question took precedence for a while over the administration's \$542,000,000 budget for the next two years. The Senate acted quickly yesterday on budget matters, however, by releasing from committee the \$131,370,000 appropriation for relief in the current biennium.

Senator James A. Geltz (R-Allegheny), the majority floor leader, said he thought it was "impossible" for the 1941 session to adjourn finally before "some time in July" and the emergency appropriation will be necessary before then.

# Expect 40,000 Fans To Witness Tonight's Title Bout

## Both Fighters Are Confident; Prices Now At 7-2, Louis

**BY GAYLE TALBOT**  
New York, June 18—(P)—The biggest, richest prizefight crowd since the second Louis-Schmeling battle three summers ago will surge into the Polo Grounds tonight to watch Joe Louis defend his heavyweight championship against challenger Billy Conn of Pittsburgh.

The big negro's 18th defense of his title promised to draw more than 40,000 and to gross approximately \$400,000, as compared with the \$1,000,000 that flowed into Promoter Mike Jacobs' treasury the night Louis crushed Max Schmeling, the man he hated in less than a round.

The most popular opinion was that something very much like that was due to happen tonight to Conn, though the 25-year-old challenger had plenty of supporters. The odds against the former light-heavyweight king were lengthening steadily in the Broadway marts. Last night it was possible to get odds of 7 to 2 against his winning, and one commission man estimated he would be offering a solid 4-to-1 against Billy by night-fall.

TALE OF TAPE			
New York, June 18—Here are the figures on Joe Louis and Billy Conn:

## WORLD RECORDS FALL IN TRACK MEET ON COAST

**MUTUAL TO CARRY FIGHT**  
New York, June 18—In starting its schedule of fights promoted by Mike Jacobs with tonight's outdoor battle between Joe Louis and Billy Conn, the MBS chain will use a 170-station hookup in this country in addition to the Canadian network.

The Jacobs bouts formerly were on NBC-Blue.

Air time is 9 o'clock (EST). Description will be supplied by the new announcing team of Dan Dunphy and Bill Corum.

Five special trains from Pittsburgh and a half-dozen others from scattered cities poured fans into town this morning. Boston fans were known to have chartered 20 planes.

The battle of the little man against the big man has captured the public fancy to an astonishing extent.

Joe and Billy—the big, deadly, punching brown man and the slim, handsome young gamecock—will square off for their 15-rounder at about 9 p. m. (E. S. T.). In the outside event of rain they will put it off until tomorrow night.

The information is that the referee will not be Arthur Donovan, who, unfortunately for him, has become known as Louis' "house referee." A good guess is that Billy Cunningham, West Point boxing instructor, will be the third man.

Conn is expected to spot the champion about 25 pounds, but the main thing was that Billy Boy was in the peak of condition and confident of winning.

Like everything else that could be said about Conn, however, this also could be said for Louis. The Bomber has been on edge for several days, anxious to get at the boy he thinks "talks too much."

The experts to spot Billy in two or three rounds. This observer favors the latter figure.

## St. Josephs Win City League Fracas

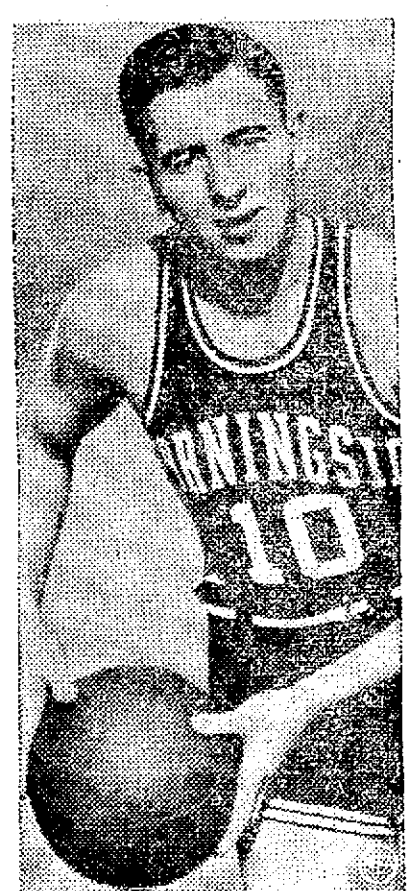

Los Angeles, June 18—(P)—Two new world records were offered for official recognition today as another chapter was written in the annual dual track and field competition between picked teams of the powerful Pacific Coast Conference and the Big Ten.

California's four man team surpassed the world mark in the mile relay, barely nosing out the University of Southern California. Oregon's Les Steers soared to new heights in the high jump with a leap of 6 feet, 11 inches, and the Coast routed the Midwestern forces in team points, 80 to 56.

The final event when the Golden Bear quartet of John Reese, Fay Fromm, Clarence Barnes and Grover Klemmer captured the mile relay in record time of 3 minutes, 8.4 seconds.

## Yankees' Win Streak Ended By White Sox; Tribe Shades Macks

**BY JUDSON BAILEY**  
Associated Press Sports Writer  
This is the only eastern trip all season in which the Cleveland Indians do not have to tackle the dangerous New York Yankees and the Boston Red Sox in succession.

The schedule for this particular jaunt has the tribe travelling from New York to Philadelphia to Washington to Boston.

The Indians lost three straight in New York to the Yankees and saw their American League lead shaved to a single game. They probably would have been easy prey for the roaring Red Sox.

Instead they got a breathing spell last night against the Athletics. Although it was what might be termed a short breath, they came out with a 3-2 victory and gained another full game on the Yankees, whose eight-game winning streak was snapped.

Husky Joe Heving a relief specialist, got himself into a jam by serving up Bob Johnson's 14th home run of the season with one on in the first inning.

After that he allowed the A's only seven hits and no more runs.

The Indians wormed their way to victory when Phil Marchildon wild-pitched the winning run across in the eighth.

The defeat of the Yankees was an 8-7 decision handed down by the Chicago White Sox. They started Johnny Rigney on the mound for his farewell pitching.

The Boston Red Sox and Detroit Tigers divided a double-header. The Red Sox scored eight runs in the seventh to take the first game.

The other entries in League No. 14-6, and Detroit retaliated with two four-run frames in the nightcap to win, 8-5.

Mort Cooper regained his winning stride with a six-hit performance.

## Littlefield Fourth In Hershey Tourney

Warren's entry in the Northern Sectionals finals of the National Marbles Tournament, Gerry Littlefield, was fourth yesterday in the second of three leagues, in which he is competing against six other entries at Hershey, Pa.

Up to yesterday Littlefield had won six contests and had been defeated before being inducted into the army Friday but he had to be removed with the score tied and Jack Hallett received credit for the victory.

The Boston Red Sox and Detroit Tigers divided a double-header. The Red Sox scored eight runs in the seventh to take the first game.

The other entries in League No. 14-6, and Detroit retaliated with two four-run frames in the nightcap to win, 8-5.

Mort Cooper regained his winning stride with a six-hit performance.

Everybody has picked his man, and now all that's left is to sit down by the radio—that is, for most of us—and get a strange hold on a cigar or bite our nails while we listen to tonight's heavyweight championship brawl between Joe Louis and Billy Conn. The fight comes on the air at ten o'clock, eastern daylight saving time, with Don Dunphy and Bill Corum, new broadcasting team, behind the microphone over a coast to coast Mutual hookup. Cincinnati (WLW) is the closest and probably will be about the best station that fight fans in the district will get.

About Dunphy and Corum, there is plenty of interest as to how the new pair will impress listeners in their debut. They've got quite a job on their hands for the first one, but Corum can paint a word picture like an artist, a portrait, and Dunphy was selected over thirty other announcers, giving one the opinion that they'll do a good job, and a complete one. But their work is small compared to that cut out for Challenger Billy. He's in against a good heavyweight this time, and he may be a fast stepper, but what he's going to do when the earthquakes start to break, if they do, is the question that will be answered before midnight.

We're feeling much better these days, now that our Yanks are moving right along. The first three months have been pretty tough, what with the Bronx Bombers losing when it really counted, and it seemed to us that they'd never get started this season. But look at the standings now. The McCarthys are in second place and pressing the Cleveland Indians for the lead. We feel confident now that the Yankees will be in front before the end of this month. And the next time they take over the reins they won't lose them. The reason for the recent climb of the New Yorkers, which was sparked by their win streak, is that they are getting some pitching now and the batting averages have made a steady rise. DiMaggio's string of consecutive games in which he has hit safely is steadily growing, and Joe has been the main factor between victory and defeat ever since donning a Yankee uniform. Yes, sir, the Yanks are coming, and we can already see the American League pennant waving over the Yankee Stadium once more.

Strikes and balls... Joe and Don DiMaggio both threw out Danis Lodigiani of the White Sox at home plate within a week of each other. Can you blame Lodigiani for wanting no more to do with the DiMaggio brothers?

Dizzy Dean lectures at Chicago luncheon for the Cubs. Negro teams will play an East vs. West all-star game at Comiskey Park, Chicago, July 27. That local tennis court proposition we told you about hasn't died, just held up a few days. Possibly by next Monday we can announce the official opening of the court. Attention, mushball teams: The Oil City Juniors are seeking games with the best under-19 talent in this section. Any teams interested are requested to write to Bob McCollum, 20 Grant street, Oil City. Aside to Jimmy Kanen: The Johnsonburg Baseball Club has open dates on the third, tenth and twentieth of August and would like to book games with teams in this section. Write to the club if interested. Jimmy Dykes claims Luke Appling to be the highest paid shortstop in the American League, with the exception of Joe Cronin, who is also a manager.

# Expect 40,000 Fans To Witness Tonight's Title Bout

## Both Fighters Are Confident; Prices Now At 7-2, Louis

**BY GAYLE TALBOT**  
New York, June 18.—(P)—The biggest, richest prizefight crowd since the second Louis-Schmeling battle three summers ago will surge into the Polo Grounds tonight to watch Joe Louis defend his heavyweight championship against Billy Conn of Pittsburgh.

The big negro's 18th defense of his title, promised to draw more than 40,000 and to gross approximately \$400,000, as compared with the \$1,000,000 that flowed into Promoter Mike Jacobs' treasury the night Louis crushed Max Schmeling, the man he hated in less than a round.

The most popular opinion was that something very much like that was due to happen tonight to Conn, though the 23-year-old challenger had plenty of supporters. The odds against the former light-heavyweight king were lengthening steadily in the Broadway marts. Last night it was possible to get odds of 7 to 2 against his winning, and one commission man estimated he would be offering a solid 4-to-1 against Billy by nightfall.

The Jacobs bouts formerly were on NBC Blue.

Air time is 9 o'clock. (EST). Description will be supplied by the new announcing team of Dan Dunphy and Bill Corum.

Five special trains from Pittsburgh and a half-dozen others from scattered cities poured fans into town this morning. Boston fans were known to have chartered 20 planes. The battle of the little man against the big man has captured the public fancy to an astonishing extent.

Joe and Billy—the big, deadly-punching brown man and the slim, handsome young gamecock—will square off for their 15-rounder at about 9 p. m. (E. S. T.). In the outside event of rain they will put it off until tomorrow night. The best information is that the referee will not be Arthur Donovan, who, unfortunately for him, has become known as Louis' "house referee."

A good guess is that Billy Cavanaugh, West Point boxing instructor, will be the third man.

Conn is expected to spot the champion about 25 pounds, but the main thing was that Billy Boy was in the peak of condition and confident of winning.

Like everything else that could be said about Conn, however, this also could be said for Louis. The Bomber has been on edge for several days, anxious to get at the boy he thinks "talks too much."

He expects to stop Billy in two or three rounds. This observer favors the latter figure.

**MUTUAL TO CARRY FIGHT**  
New York, June 18.—In starting its schedule of fights promoted by Mike Jacobs with tonight's outdoor battle between Joe Louis and Billy Conn, the MBS chain will use a 170-station hookup in this country in addition to the Canadian network.

The Jacobs bouts formerly were on NBC Blue.

Air time is 9 o'clock. (EST). Description will be supplied by the new announcing team of Dan Dunphy and Bill Corum.

THE SACRED DAGGER

By RITA MORRIS

YESTERDAY: No sooner has Blaze Sherwood gotten himself assigned as observer to the archaeological camp of Anne Willard's parents, and very much untrusting observer, than he disappears to try to rescue some Russians who are blundering into the territory of the dangerous Nagara tribe of Central Asia. Although deeply interested in the hidden city which is the object of her parents' quest, Anne cannot deny her liking for Blaze. Yet Blaze is supposedly working against the Willards.

Chapter 25 The Plane Burns

DIANA'S lips tightened and then she spoke. "It's my opinion that Dr. and Mrs. Willard are to blame for everything. Had they let well enough alone, we—"

"Diana!" cried Beth. Anne rose and left the table. She joined Pete and the ladies sitting in front of her tent and staring off gloomily in the direction of the Bekkan Bulu peaks. Later Larry and Beth came out and tried to cheer them up.

It was Daddoo with his keen desert eyes who first saw the returning plane. Everyone except Oliver was on the field when it landed. Anne had let Beth hold her in the crowd.

"He may have news of your parents."

Sherwood remained in the plane several moments sending off a final radio message to Shani Lun and looked so forbidding when he did scramble out that everyone hesitated to question him. Anne was the first to venture.

"Did you find out anything about father and mother?" He turned and gazed at her.

"Not a thing, Anne. I'm sorry. The whole trip was useless." He began shrugging off the parachute harness talking technicalities about the ship with Mackey as he did so. Then he spoke to the group. "Come to my tent after I've had a shower and I'll tell you what happened."

Anne did not go but she learned afterwards that Philip was present and showed friendliness to Sherwood by asking him and Mackey to join the camp mess with the sensible statement that white men isolated in a spot like this could not afford to quarrel.

"He probably feels that having gained the enmity of the Nagaras, Blaze has become less of a menace to the expedition," Anne suggested.

"Blaze accepted," Beth went on, "and is adding his supplies and cook to ours. You should have heard his story. He found the Nagara village to which the Russians had penetrated. There had been fighting and a massacre but no sign of the white men. The natives shot at Blaze. He got away though there are several bullet holes in his wings."

"Heavens!" gasped Anne. "But he swears the Nagaras are not as vindictive as people think. The Russians were not archaeologists—merely a crew of adventurers. The Emir's agents had picked up and interested in the proposition. Their government repudiates them, though Blaze would have liked to turn them back and save their lives. He thinks they have no chance either to get out alive or to find the treasure city."

"Did he get a view of Shy-Nago?"

"I guess so. He doesn't seem to want to talk about it. Pete predicted he'd die for that and Blaze answered if he did it was worth it. He wouldn't say any more, but you should have seen his eyes as he remembered. Then he began joking about something else."

"Does he really believe the Nagaras will try to kill him?"

"We couldn't get him to say. He'd only joke about it. But what do you care?" Beth chuckled mischievously. "He's not your husband, you're only married to him if you know what I mean."

Anne colored in spite of herself. Beth saw it and giggled again.

**Fire** DINNER that night was a rather hilarious affair. Blaze having contributed sharks, fins, mushrooms, fruit and Turkestan wine from the supplies the governor had heaped upon him.

Even Anne's frost melted a trifle. Blaze was playing a bold game. Perhaps she could match him at it. At least she and her parents were still in good standing with the Nagaras from what the priest had said the other night. Later she stood at his side while they all engaged a little close harmony over Mackey's mouth organ. He managed to get in a personal question under cover of the general noise.

"Which is your tent?"

She turned away, hardly able to believe her ears at his attempt to suppress the rage that welled up in her.

Later, having a chance to be near her as she changed a phonograph needle he tried again. "If you'd like to have a talk, Anne—"

"There have already been too many words," she answered, quoting from his letter, and let her eyes brush across his impersonally. He regarded her intently for a moment and then made no further attempt to speak to her intimately, though they played bridge as partners and against each other, talked about the

weather and about the skull Philip displayed on his desk.

While being forced to learn bridge, Mackey tried continually to swing the play to poker. Anne smiled secretly at the way he rolled his eyes at Beth, and later Diana, drew Sherwood out on the veranda while they were dumbfies.

"What's the idea?" he managed to ask her privately. "They can't vamp Blaze."

"You never can tell," she murmured in return. "Besides, they're eaten up with curiosity."

"Hum!" he grinned and gave her a sidelong glance.

The next evening was much the same except for less food and more talk. Anne and Sherwood even walked across the courtyard together, politely observing the map of the say that had once occupied such an important part in their lives. He put a guiding hand to her elbow at the door of Larry's tent and she looked a sudden trembling deep within did not betray her. Larry had wanted them to see a death mask he was reconstructing from the jumbled fragments he had found the week before.

Beth and Larry would have liked to leave them a bit concerned over their legal status but didn't quite dare. Oliver had become more attentive to Anne. Diana had dug up new dresses the other girls didn't dream she possessed. In the midst of the general conversation she kept calling to Blaze. "Do you remember the time we—"

time we— and he'd smile and answer in that bantering way of his that twisted Anne's heart with jealousy.

"What kind of dog in the manger am I?" she asked herself angrily. But she knew. He had already told her. "While your mind is cold, I know your heart is warm." And once he had said, "If a man remains true to his objective, life works things out for him. Shy-Nago belonged to her parents. It had belonged to them before she knew Blaze. This was not a conflict between her love for them and her love for him. It was a conflict between her principles and her emotions."

That night the airplane went up in flames.

**Worry For Blaze** THOUGH Mackey had put a secret guard at Sherwood's tent it had never occurred to him anyone would try to destroy the plane. It was a mass of flames when first discovered, and a bucket brigade of Turki laborers, Chinese soldiers, American archaeologists and their women and servants, accomplished nothing except to dip the spring pool dry.

Later as they all stood staring at the dying blaze Mackey looked as dejected as if the world had come to an end. Sherwood concealed his emotions better.

"You're next, Pete predicted. 'I'm not so inflammable.' Sherwood retorted with a faint smile. "Oh, I don't know—if the right kind of oil's poured over you."

Anne surmised a double meaning in the words. Mackey had taken a violent dislike to Diana who clung to Sherwood's arm on one side and to her husband's on the other while she hinted that all their misfortunes were the fault of the Willards. The men hushed her up as quickly as they could. Martaine with sharp words, Sherwood with bantering ones.

"Undoubtedly the work of Nagaras," declared Oliver. "We see their fires in the hills every night though they never come down to camp and make themselves known to us."

"Maybe they've taken vengeance on the plane, and will leave Blaze alone now," suggested Beth hopefully.

Mackey knew better. "They've just burned the plane so he can't escape."

"There's the truck, if he wishes to leave," Anne reminded him.

Sherwood turned and gazed at her with those strong, fearless eyes of his. "I do not want to leave." Then he spoke to the whole group. "I regret the loss of the radio more than anything else."

"We've a radio we were not allowed to set up," Larry reminded him.

"I'll see what I can do with it tomorrow." Then all talked a while longer and finally staggered back to their beds. Daddoo was already seated in front of her, chanting a prayer in his soft, birdlike voice when Anne returned. She stood listening until he came to the end.

"What are you praying about now?" she asked, dropping into a cumbrous chair.

"I pray for Sherwood. Why does he not sleep in our tent?"

She gave him a flashing glance and closed her lips firmly. He went on. "If Sherwood lived in our tent the Nagaras would not kill him."

"Kill him?" Her hand went to her throat. "Daddoo, would they really try to kill him?"

"Yes," he said, "they would. I have a knife thrown at him."

After a moment's hesitation she talked across the corner of the courtyard to Sherwood's tent. A Chinese soldier stood at the door. She could hear Sherwood and Mackey talking inside. The guard opened the flap and sang something in a low, hoarse voice then pushed her in the stupid way.

She looked for a moment in the brilliant light of the gasoline lamp. But she had been bending over a map in the middle of the tent. She looked up in surprise.

OUR BOARDING HOUSE . . with . . Major Hoople OUT OUR WAY . . . . . By Williams

YESTERDAY: No sooner has Blaze Sherwood gotten himself assigned as chaper to the archaeological camp of Anne Willard's parents, and a very much unwanted observer, than he disappears to try to rescue some Russians who are blundering into the territory of the dangerous Nagara tribe of Central Asia. Although deeply interested in the hidden city which is the object of her parents' quest, Anne cannot down her liking for Blaze. Yet Blaze is supposedly working against the Willards.

### Chapter 25 The Plane Burns

DIANA'S lips tightened and then she spoke. "It's my opinion that Dr. and Mrs. Willard are to blame for everything. Had they not been so alone, we—"

"Diana!" cried Beth.

Anne rose and left the table. She joined Pete and the lama sitting in front of her tent and staring off gloomily in the direction of the Bekkan Bula peaks. Later Larry and Beth came out and tried to cheer them up.

It was Dadda with his keen desert eyes who first saw the returning plane. Everyone except Oliver was in the field when it landed. Anne had let Beth hold her in the crowd.

"He may have news of your parents."

Sherwood remained in the plane several moments sending off a final radio message to Shani Lun and looked so forbidding when he did scramble out that everyone hesitated to question him. Anne was the first to venture.

"Did you find out anything about father and mother?" He turned and gazed at her.

"Not a thing, Anne. I'm sorry. The whole trip was useless." He began shrugging off the parachute harness talking technicalities about the ship with Mackey as he did so. Then he spoke to the group. "Come to my tent after I've had a shower, and I'll tell you what happened."

Outright Rejection Indicated

cause throughout the day authorized spokesmen said the matter was being thoroughly and most carefully studied and that Germany would not permit herself to be forced into hasty decisions.

The North American government in a note on June 16 requested the German charge d'affaires to direct German consular officials within its sovereign territory as well as members of the German Library of Information, the Trans-Ocean Agency and the Railway Company to leave the United States.

"The basis given for the request was that the involved German officials had conducted themselves in an inadmissible manner. The Reich's government has rejected these charges as unfounded and despotic and made the sharpest protest against the North American government's action, which is contrary to agreement."

The German protest came close on the heels of an official announcement that the Reich had taken necessary steps to counter American action in freezing German funds.

Here, too, no details were revealed concerning what the German counter measures would be.

Rome, June 18.—(P)—A spokesman said today that Americans in Italy would be treated exactly the same as the United States treats Italians living in America in the matter of credit and property freezing.

The definition of American residents in Italy and the interpretation of the Italian decree yesterday which exempted such residents from certain provisions, such as the blocking of bank accounts, depends on Washington, the spokesman said.

The Italians thus, presumably, would require the same length of residence as that required by the United States to establish an alien as a resident.

Local Church Having 50th Anniversary

(From Page One)  
Essex, Iowa will bring the message, to be followed by the serving of refreshments.

From the very first year, women of the church have been active in their own organization, redecorating the church parlors, instituting the carpeting of the auditorium and installing an air conditioning gas furnace in the parsonage.

Mrs. John Williams and Mrs. N. P. Larson are leaders of long standing in the group. All members and friends of the congregation are invited to attend and enjoy any of these services.

Deaths Last Night

By the Associated Press  
San Francisco—Superior Judge Frank H. Dunne, 78, who presided at the trial of Warren K. Billings for the 1916 preparedness day bombing and numerous other important trials during his 45 years on the bench, the longest tenure of any jurist in California.

Woonsocket, R. I.—Samuel Eddy Hudson, 72, editor and publisher of the Woonsocket Call, and a charter member of the Associated Press.

Santa Fe, N. M.—Nathan Salmon, 75, native Syrian who peddled goods by horse in a Navajo country in the 80's and became one of New Mexico's wealthiest men.

New York—Heibert A. Weeks, 51, engineer and contractor who built a railroad from Port Antonio to Spanish town in the island of Jamaica, and a major of engineers in the World War.

Reports From Italy And Germany Claim Enemy Overwhelmed

(From Page One)  
six miles from the Palestine frontier, and Kureitra, south of Damascus.

The British declared that the French counter-attack, carried out in force with armored units and fierce Druso cavalry, had been halted and that the situation was "well in hand."

In the war in the air, the London Air Ministry reported that big squadrons of RAF bombers, smashing at Western Germany for the seventh night in a row, set many fires and inflicted widespread destruction in the industrial cities of Cologne and Duesseldorf.

Reinforced by a stream of American-built planes, the RAF also challenged German air might by sending at least 150 planes flying in "sandwich formation"—with layers of fighters flying above and below the bombers—against the Nazi-held French coast.

RAF overnight attacks centered on the docks of Rotterdam, Ostend, Boulogne and Cherbourg, the British announced, and in a series of flaming dogfights high over the English channel 13 German planes were reported shot down. Ten RAF planes were listed as missing.

In Berlin, the Germans claimed the destruction of "3 British aircraft," with the loss of only a single Nazi plane.

Meanwhile, the mystery of German-Russian relations became even more complex as dispatches from Helsinki told of the reported exodus of Russian troops from the military base at Hanko, Finland.

The U. S. S. R. had 30-year lease on the strategic base.

Communication With Red Base is Interrupted

(From Page One)  
The population of Moscow is going about its daily tasks, working and shopping in well-stocked stores and attending popular football games.

Nothing in the behavior of the Russians indicates imminence of a Soviet-German conflict while the official attitude suggests that the U. S. S. R. continues firmly and completely its independent foreign policy.

SPANISH WAR VETS NAME NEW COMMANDER

Altoona, June 18.—(P)—United Spanish American war veterans at their 37th annual state encampment today elect and install Don F. Manahan of Harrisburg as state commander.

Manahan was nominated by the 1,400 delegates and alternates yesterday, along with William O. Gibson of Scanton as senior vice commander, and Charles Shaffer, of Somerset, junior vice commander.

Daniel Dunmore of Greensburg, retiring state commander, said the location of the 1942 encampment would likely be left to the discretion of incoming officers.

A four-division parade tonight will climax the sessions.

Wrightsville

Wrightsville, June 11.—Miss Martha Spetz of Erie was a recent visitor at the home of Mr. and Mrs. Meale Smith.

Mr. and Mrs. Burnell Huff and daughter Shirley of Corry were Sunday visitors of Mr. and Mrs. Emmett Smith of this place.

Mrs. Sophia Sigworth, of Oil City, is spending the week at the home of her grandson John Meehan.

Miss Alberta Durkin is now employed by Mr. and Mrs. John Hemminger of Watts Flatts.

Mr. and Mrs. Ivan Johnson were weekend guests of the latter's parents, Mr. and Mrs. Jason Cripe of Summerdale.

Control of Aliens Tightens

(From Page One)  
The order issued to the customs and immigration services to prevent any German nationals from leaving the United States "pending further instructions" was characterized as one more move in a general plan to tighten control over the 5,000,000 aliens now here, as well as over the entrance of thousands more, many of whom describe themselves as refugees from German-occupied territories.

At the same time, it was pointed out in official quarters, the new restrictions make it possible for the United States to control the movement of Germans into Mexico and other Latin American republics where anti-American propaganda and subversive activities on behalf of the Axis powers have been reported.

While the order technically applies to all Germans, it was emphasized that a vast majority have no intention of leaving the United States and that an estimated 60 per cent of the 330,000 here have already applied for American citizenship.

cause throughout the day authorized spokesmen said the matter was being thoroughly and most carefully studied and that Germany would not permit herself to be forced into hasty decisions.

The communiqué, issued by DNB, official German news agency, said:

"The North American government in a note on June 16 requested the German charge d'affaires to direct German consular officials within its sovereign territory as well as members of the German Library of Information, the Trans-Ocean Agency and the Railway Company to leave the United States."

"The basis given for the request was that the involved German officials had conducted themselves in an inadmissible manner. The Reich's government has rejected these charges as unfounded and despotic and made the sharpest protest against the North American government's action, which is contrary to agreement."

The German protest came close on the heels of an official announcement that the Reich had taken necessary steps to counter American action in freezing German funds.

Here, too, no details were revealed concerning what the German counter measures would be.

Rome, June 18.—(P)—A spokesman said today that Americans in Italy would be treated exactly the same as the United States treats Italians living in America in the matter of credit and property freezing.

The definition of American residents in Italy and the interpretation of the Italian decree yesterday which exempted such residents from certain provisions, such as the blocking of bank accounts, depends on Washington, the spokesman said.

The Italians thus, presumably, would require the same length of residence as that required by the United States to establish an alien as a resident.

## CUB PACK WILL HOLD CARNIVAL AT LUDLOW SITE

Ludlow Cubs tonight will conduct their first Cub carnival at the farm of Walter Cox, near Ludlow. The event is expected to be the most outstanding one which they have conducted to date and the whole public is invited. A small admission fee is being charged.

Each booth will be manned by two Cubs who will be in charge during the evening, and show the various contestants applying to them how the game of test or skill is done. To describe each booth or event is impossible since the Cubs have displayed such originality in their make-up but a pleasant surprise is in store for everyone attending.

Ludlow Cub Pack was organized in February of this year by the Cubbing Committee of the Warren County Boy Scout Council and since its inception has been making an enviable record in the younger boy program for boys 9, 10 and 11 years of age.

### Capacity Audience At Nazarene Church For College Rally

One of the largest audiences in the history of the local Church of the Nazarene attended the Eastern Nazarene College rally last night to hear Rev. Bud Robinson, who is known to his host of friends as "Uncle Bud."

Delegations came from as far away as Oil City, Dunkirk and Erie and it is estimated that about 900 persons were present. The Crusader Male Quartet of the college sang several selections and Rev. H. H. Marvin, of Bradford, led in prayer. President G. B. Williamson, of the college, spoke briefly on its progress and received pledges for laboratory and library equipment. The response was exceptionally good.

Rev. Robinson spoke about the need for the college and at the close of the service, preached in his humorous style on a text found in I Peter 3:15.

The rally was declared a success in every way and was said to be the best thus far in the campaign tour. The party left this morning for a 10:30 o'clock rally in DuBois and will be in Pittsburgh tonight.

### EDSON'S WASHINGTON COLUMN

(From Page Four)

out a stoppage of work for another 30 days.

The wage issue hasn't been such a terribly difficult problem on a national scale since the Railway Labor Act was passed. In 1937 the employees asked for and got a general five cents an hour increase. In 1938 the roads tried to have wage rates reduced but failed.

The present demands are something else again: a 20 per cent increase for 350,000 men in the Big Five Brotherhoods, where the minimum pay is now \$5.06 a day; and a 30 to 34-cent an hour increase for 800,000 non-operating employees in 14 unions where the minimum now range from 36 to 85 cents an hour.

The Mediation Board now handles 300 cases a year, and the number of strikes since the law was passed has been low—not more than a dozen, none serious. Part and parcel of its set-up is the National Railroad Adjustment Board of 36 members, half employers and half employees, who referee disputes that come up under labor agreements after they're signed.

Whether a scheme of this kind would work for defense industries as a whole as well as it has worked on the railroads is something no one knows. But there are plenty of congressmen who would like to see it tried because they think anything would be an improvement on existing uncertainties.

## COUNTY BOARDS PREPARING FOR REGISTRATIONS

Warren county's two local draft boards today started making preparations for the second registration day on July 1 for all men who have become 21 years of age since October 16, 1940. Instructions were received from headquarters this morning and members of the boards were studying them to become familiar with the details.

Dr. William Mather Lewis, Selective Service director for Pennsylvania, said yesterday that revised regulations for the second registration day provide that members of local boards, employees of the Selective Service System and persons who are already engaged in Selective Service work or who are familiar with the regulations may act as registrars.

The chairman of each local board will act as chief registrar and will appoint all registrars. R. C. Thompson, chairman of Local Board No. 1, and Warren J. Kay, of Youngsville, chairman of Local Board No. 2, will be the chief registrars in Warren County.

Dr. Lewis said that the chairmen of local boards have the authority to appoint special registrars to register persons who are prevented from visiting local board offices because of illness or other incapacity.

All registrars will serve without pay.

The registration hours on July 1 are from 7 a. m. to 9 p. m.
